Hi Brittany,
Here's Cindy's suggested format for the briefing of Pebble Mine.

Subject: Potential R10 final EIS briefing template

Julie,

Per our discussion, Cindy outlined a format that we believe might be helpful to provide to R10 to use as they develop their brief for Brittany and Matt (or David) next week. Please share with Brittany at your convenience and solicit her thoughts on this format.....we'd like to provide advice to R10 colleagues by about early Monday or sooner if possible as they begin preparing for this.

Thanks, Rob
